

## **CURRICULUM VITAE**

# MATTHEW NOEDEL, FORENSIC SCIENTIST

# **EDUCATION**

# University of Montana, Missoula, MT 1985

Bachelor of Science - Microbiology Bachelor of Science - Medical Technology Minor in Chemistry

# California State University, Sacramento, CA 1987

Bachelor of Science - Forensic Science
30 Quarter units of graduate credit in Criminal Justice with Forensic Emphasis

# PROFESSIONAL AFFILIATIONS

American Academy of Forensic Scientists (AAFS)
Regular Member

# Association of Crime Scene Reconstruction (ACSR)

Regular Member - February 2000 - present Board of Directors - February 2005 - 2015

Program Chair - Annual Meeting 2007

Treasurer - February 2007 - February 2012

President - February 2013 - February 2014

Shooting Reconstruction Standardization Committee - 2012 - 2014

Chairman of the Board - February 2014 - February 2015

Recipient - Larry Olson Service Award 2015

# Association of Firearm and Tool Mark Examiners (AFTE)

Distinguished Member - 2000 - present

AFTE Journal Editor - 2002 - 2007

Member of the Year - 2009

Nominating Committee - 2009

Assistant Conference Chair - 2010

Conference Workshop Program Coordinator - 2014

Conference Host Committee - 2014

## International Association of Bloodstain Pattern Analysts (IABPA)

Regular Member

Ethics Committee - 2009 - present

# Northwest Association of Forensic Scientists (NWAFS)

Regular Member

Member at Large - 2005

Program Chair Annual Conference - 2000, 2011

Vice President - 2006

President - 2007, 2010, 2011

Life Member - 2016

Revision: 20180906-Abbr Page 1 of 17

# **CERTIFICATIONS**

Certification in Firearms, Tool Marks, and Gunshot Residue Examination September 2002; Association of Firearm and Tool Mark Examiners (AFTE)

Certification in Crime Scene Reconstruction

January 2012; International Association for identification (IAI)

# **EMPLOYMENT**

Nov. 7, 2005 - Present	Noedel Scientific
Forensic Consultant	Forensic Consultation, Reconstruction, Training, Testimony, Analysis

Noedel Scientific provides expert forensic analysis in a variety of areas including crime scene reconstruction, firearms examination, bloodstain pattern analysis, and case review. Examinations conducted are prepared with an emphasis on scientific detail for future court presentation.

Apr. 9, 1990 - Nov. 4, 2005	Washington State Patrol Crime Laboratory - Tacoma
Forensic Scientist III	Crime Scene Response, Firearm and Tool Mark Exam, Bloodstain Pattern Analysis, Chemistry, Trace Evidence

The Washington State Patrol (WSP) Crime Laboratory provides forensic examinations for all of the police, sheriff, and prosecuting attorneys in the state of Washington. Of the services offered by the Tacoma Crime Lab, I worked in Chemistry, Drug Analysis, Fire Debris, Trace Evidence, Crime Scene Response, Bloodstain Pattern Interpretation, Firearms and Tool Mark Analysis. For the WSP crime scene response team, I was a primary responder, a crime scene consultant and trainer/instructor. I received the WSP Forensic Scientist of the Year award in 2000 and participated on the WSP Firearms Review Committee.

April 1987 - April 1990	Chemwest/CompuChem Laboratories
Toxicologist	Forensic Toxicology

I was responsible for the forensic examination of biological samples for the presence of drugs, alcohol, poisons and toxins. Both screening and confirmation for these chemicals was conducted in this high volume laboratory setting.

Revision: 20180906-Abbr Page 2 of 17

# SPECIALIZED TRAINING RECEIVED

## **Tours**

- Nosler Bullet Factory, Bend OR
- CCI/Speer Ammunition Factory, Lewiston ID
- Arnold Arms Specialty Rifle Manufacturer, Arlington WA
- Olympic Arms Pistol and Rifle Manufacturing, Olympia WA
- · Alchemy Arms Pistol Manufacturing, Auburn WA
- Ruger Firearms & Investment Casting, CT
- Marlin Rifle Factory
- Savage Arms Factory
- Wilson Arms Barrel Making Facility
- · Barnes Bullet Manufacturing
- North American Arms Manufacturing
- Schneider Barrel Manufacturer, Payson AZ
- Ruger Firearms, Prescott AZ
- LAR Firearms, Jordon UT

# **Factory Authorized Armory Training**

Colt	Smith & Wesson	Ruger
Sig Sauer	Glock	Remington
Beretta	Heckler & Koch (MP-5)	Hi-Point

# Workshops, Seminars and Courses

- Beeman Air Rifle Workshop
- "Firearms Update Ruger" 40-hr course; Sacramento Public Safety Center; Sacramento, CA; Completed November 3, 1995
- "Law Enforcement Armorer School Basic 40hrs"; Lassen College; Susanville, CA; Completed May 31, 1996
- "Beretta Armorer Training Program" by Beretta USA Corp; July 15-17, 1996
- "Smith and Wesson Armorers School Pistols" by Smith and Wesson Academy; Salt Lake City, UT; April 15-19, 1996
- ATF Arson and Accelerant Detection
- California Department of Justice Basic Forensic Hair Examination
- Restek Capillary Chromatography Seminar
- Tire Footprint Workshop
- McCrone's Advanced Microscopy
- Crime Scene Photography
- Hewlett Packard Gas Chromatography Inlet Systems
- Infra-red Technology--Bio Rad
- Advanced Crime Scene Response
- Crime Scene Response In Service Training
- Exterior Ballistics and Reloading
- Crime Scene Response-Criminal Justice Training Center
- Characterization of Projectile Performance-Yuma proving Grounds
- ATF Serial Number Restoration

Revision: 20180906-Abbr Page 3 of 17

SPECIALIZED TRAINING RECEIVED CONTINUED

# Workshops, Seminars and Courses continued

- "Basic Bloodstain Pattern Analysis" 40-hr course by Tom Bevel; Seattle, WA; May 17-21, 1999
- "FBI Gunpowder and Primer Residues School" 40-hr course by Dillon/Rosati; Monroe, WA; August 11-15, 1997
- "IBIS Operator Certification Training" Forensic Technology; Completed August 20, 1997
- "Intro to Drugfire" FBI Drugfire course by Mnemonic Systems; August 25-26, 1997
- "Intro to Digital Imaging" Course; NWAFS Meeting; Portland, OR; May 6, 1998
- "Firearms Presented by ATF" Course; NWAFS Meeting; Portland, OR; May 5,1998
- "Intro to APMS" FBI Drugfire course by Mnemonic Systems Inc; June 24, 1998
- "Smith and Wesson Armorers School Pistols" by Smith and Wesson Academy; June 21-24, 1999
- "Identification of Human and Skeletal Remains" 24-hr course by Snohomish County Medical Examiner's Office; Completed March 15, 2000
- "Evidence Evaluation and Reconstruction at Shooting Scenes" Workshop; NWAFS Meeting; Sacramento, CA; May 5, 2000
- "Introduction to Crime Scenes: Firearms Evidence" Workshop; NWAFS Meeting; Sacramento, CA; May 16, 2000
- "Introduction to Crime Scenes: Photos and Sketching" Workshop; NWAFS Meeting; Sacramento, CA; May 16, 2000
- "Introduction to Crime Scene Processing and Reconstruction" 8-hr course; NWAFS Meeting; Sacramento, CA; May 15, 2000
- "Investigation of Occult Crime Scenes" by Lt. Randy Johnson; April 18, 2001
- "Explosion and Bombing Crime Scenes" 12-hr course by James Crippen; NWAFS/ Utah Forensic Science Association (UFSA) Joint Meeting; April 19, 2001
- "Advanced Bloodstain Pattern Analysis Workshop" 40-hr course by Toby Wolson, Metropolitan Police Institute; Miami, FL; May 7-11, 2001
- "Washington State Patrol Firearms Instructor Course" June 2001
- "Exterior Ballistics and Long Range Trajectory Workshop" July 2001
- "Crime Scene Reconstruction" 16-hr course by Tom Bevel; NWAFS Meeting; Redmond, OR; September 24-25, 2001
- "Marshall's Reagent and GSR Workshop" April 22, 2002
- "Examination of the Taser's Non Lethal Weapon Character" April 22, 2002
- "Consecutive Manufactured Knife Blade Study" April 22, 2002
- "Black Powder and Black Powder Substitute Analysis" April 23, 2002
- "Ricochet Workshop" by Lucian Haag, NWAFS/California Association for Criminalists (CAC) Joint meeting; Reno, NV; April 7, 2003
- "Colt 1911 Style Pistol Armorer Course" by Vancouver PD Rob Caunt; CAC/NWAFS Joint Meeting; Reno, NV; April 8, 2003
- "Forensic Identification Techniques" 16-hr course; Pacific Northwest Division (PWN)-IAI Conference; Tacoma, WA; May 7-9, 2003
- "Crime Zone Software Tools" NWAFS Meeting; Portland, OR; October 14, 2003
- "Utilization of Crime Zone 7.0" ACSR Conference; Oklahoma City, OK; October 24, 2003

# SPECIALIZED TRAINING RECEIVED CONTINUED

## Workshops, Seminars and Courses continued

- "Adobe Photoshop Techniques" ACSR Conference; Oklahoma City, OK; October 24, 2003
- "National Integrated Ballistic Information Network (NIBIN) Training" Bureau of Alcohol, Tobacco and Firearms and Forensic Technology, Inc. Completed February 7, 2003
- "Fluorescein Techniques" NWAFS Meeting; Missoula, MT; April 19-21, 2004
- "Basic Bloodstain Pattern Analysis" 40-hr course by Tom Bevel; CJTC Regional Academy; Burien, WA; February 22-26, 2004
- "Putting Power in your Point" ACSR Conference; San Jose, CA; Feb 11, 2005
- "LED/UV Macro Photography" ACSR Conference; San Jose, CA; Feb 11, 2005
- "Winning Extreme Encounters from Street to Court (Investigation of Lethal Force Encounters)" 8-hr course by Dr. Lewinski, Force Science Research Center, Mankato, MN; CJTC Burien, WA; June 10, 2005
- "Investigation of Firearms Misadventures" AFTE Conference; Indianapolis, IN; June 2005
- "Innovative Forensic Techniques" Training from casting material 'Mikrosil' inventor Kjell Carlson; Oregon State Police Crime Lab; August 31, 2005
- "Math, Physics and Computers in Advanced Bloodstain Pattern Analysis" Alberta Justice Staff College; Edmonton, Alberta; October 24-28, 2005
- "Beretta 90 Series Pistol Armorer Seminar" AFTE Conference; Springfield, MA; June 28, 2006
- "Life of the Body after Death" Workshop by Elayne Pope; SWAFS/NWAFS Joint Conference; Colorado Springs, CO; November 2006
- "Eagle EDXRF School" Workshop by EDAX; SWAFS/NWAFS Joint Conference; Colorado Springs, CO; November 2006
- "Wound Ballistics Workshop" 16-hr Course by Dr. Patrick Besant Matthews; AFTE Conference; San Francisco, CA; May 27-28, 2007
- "Intro to Saw and Toolmarks on Bone: A Class Characteristics Approach"
   Workshop by Dr. Steven Symes; AFTE Conference; San Francisco, CA; May 29, 2007
- "Basics of Firearm Mechanisms" Workshop; AFTE Conference; Honolulu, HA; May 23, 2008
- "Firearm Sound Suppression" 16-hr Course; NWAFS Conference; Boise, ID; November 2008
- "Is it a Bullet Hole?" Workshop; AFTE Conference; Miami, FL; May 31, 2009
- "Conversion Course" Workshop; AFTE Conference; Miami, FL; June 3, 2009
- "BSPA Taxonomy" 2-hr Workshop by Michael Maloney and Ross Gardner; IABPA Conference; Portland, OR; October 6, 2009
- "Courtroom Testimony Techniques" 4-hr Workshop by Jeff Scozzafava and Todd Thorne; IABPA Conference; Portland, OR; October 7, 2009
- "Forensic Ethics" by Peter Barnett, Carolyn Gannett; ACSR Conference; San Diego, CA; February 2010
- "The Basics of Firearms Mechanisms" by Rob Caunt, Vancouver Police Crime
- Laboratory, NWAFS Meeting; Portland, OR; September 29, 2010

# Training Conducted for Professional Affiliations and Employers continued

"<u>Understanding and Exploring Gunshot Residue</u>" Two ½ day sessions involving lecture and practical examinations pertaining to GSR; ACSR Annual Conference; Tacoma, WA; January 23, 2007

"<u>Using Lasers to Document Bullet Trajectories</u>" Two ½ day sessions at the ACSR Annual Conference; Denver, CO; February 2009

"Preparing Reports for Shooting Crime Scenes" Two ½ day sessions at the ACSR Annual Conference; Denver, CO; February 2009

"Examination of Vehicles for Shooting Reconstruction" A 1-day workshop; NWAFS Meeting; Ft. Collins, CO; September 22, 2009

"Semiautomatic Firearm Ejection Patterns" Two ½ day sessions at the ACSR Annual Conference; San Diego, CA; February 11, 2010

"Forensic Aspects of Airsoft Replica Arms" A 1-day workshop covering the design, construction, forensic examination and importance of airsoft firearms in forensic applications. NWAFS Meeting; Portland, OR; September 29, 2010

"Omni-Car: Crime Scene Processing" Co-instructor - A 1-day workshop involving techniques to process automobiles for trajectory, bloodstains, bullet documentation and recovery, shoe print, DNA considerations and overall vehicle processing. NWAFS Meeting; Tacoma, WA; September 2011

"Special Research Workshop #2: Characterizing Bullet Damage in Clothing" Mentor - A 1-day research workshop involving the performance of various caliber and design of fired bullets through a variety of clothing items. NWAFS Meeting; Tacoma, WA; Sept 2011

"<u>Techniques for Successful Presentations with PowerPoint™</u>" Co-instructor for a workshop involving techniques to organize, present and enhance digital material for presentation in court or at professional settings. NWAFS Meeting; Tacoma, WA; September 2011

"Trajectory Documentation" A 3-day class involving the proper evaluation, documentation and processing of fired bullet paths and determining horizontal and vertical trajectory values in simulated building material and vehicles. Washoe County Sheriff Office FIS Section; Reno NV; October 2011

"Terminal Ballistics: Bullet Performance in Tissue Simulant" A 4-hour course involving the theory and practical performance of various fired bullets. Lecture and live fire demonstrations of hollow-point bullet performance fired directly into ballistic gelatin, animal (beef) ribs, and through intermediate targets. ACSR Annual Conference; Monterey, CA; February, 2012

"<u>Temperature of Ejected Cartridge Cases</u>" Mentor - A 1-day research workshop involving attempts to evaluate the absolute temperature of cartridge cases at the moment they are ejected from a semiautomatic firearm. NWAFS Meeting; Missoula, MT; Sept. 23, 2012

# Training Conducted for Professional Affiliations and Employers continued

"Long Range Ballistics" A ½ day workshop involving the theory of long range bullet flight, using various computer programs to determine long range flight properties of fired bullets, considering drag and ballistic coefficient for projectiles. NWAFS Meeting; Missoula, MT; September 25, 2012

- "Ricochet and Impact to Concrete Surfaces" Mentor A 1-day research workshop on the performance of projectiles and the resultant properties of bullets fired into painted concrete surfaces. NWAFS Meeting; Vancouver, WA; September 16, 2013
- "Shooting Incident Reconstruction Shotgun Pattern Reconstruction" A ½ day course involving shotgun pattern reconstruction. ACSR Meeting; Montgomery, TX; February 12, 2014
- "Practical Considerations of Ammunition Reloading" A 1-day course including a lecture on reloading and hands on reloading and shooting reloaded cartridges. Cartridges reloaded during the course were test fired for velocity and the data collected and compared to factory loaded cartridges. AFTE Conference; Seattle, WA; May 11, 2014
- "Make and Shoot Black Powder" Co-Instructor A 1-day workshop covering the basics of black powder production and manufacture. Very small batches of black powder were manufactured and then loaded and test fired at a firing range. A chronograph measured the reproducibility and characteristics of the black powder loads generated. AFTE Conference; Seattle, WA; May 16, 2014
- "Projectile Deflection Caused by Intermediate Targets" Co-Instructor A 4-hour course examining the influence of intermediate barriers to bullet paths. ACSR Annual Conference; Oklahoma City; OK February 2015
- "Projectile Deflection Caused by Intermediate Targets" Co-Instructor A 4-hour course examining the influence of intermediate barriers to bullet paths. AFTE Annual Conference; Dallas, TX; May 2015
- "Cook County Public Defender's Office Ballistic Training" A 1-day course covering firearm related topics of interest of the Public Defender's Office. Cook County, IL; August 2015
- "Ammunition, Cartridges and Components" Co-Instructor A ½ day course including examination, disassembly and evaluation of firearm components and exotic contemporary ammunition. ACSR Conference; Clark, NJ; February 11, 2016
- "<u>Fired Bullet Performance in Wood</u>" Co-Instructor A 1-day course examining bullet performance after impacting various wooden structures. AFTE Conference; New Orleans, LA; May 29, 2016
- "<u>Documenting Bullet Paths</u>" Instructor ½ day course demonstrating proper techniques in bullet path determination. NWAFS Conference; Boise, ID; September 26, 2016

## Training Conducted for Professional Affiliations and Employers continued

"Special Research Topic – Trajectory Measurements" – Assisted with 1-day course comparing traditional hand measurements for trajectories against 3D laser scanning. NWAFS Conference; Boise, ID; September 27, 2016

"Bullet Path Analysis Without Rods" A ½ day course involving bullet path analysis without rods (two sessions). ACSR Conference; Black Hawk, CO; February 2, 2017

"Forensic Examination of Airsoft Replica Arms" Co-Instructor; A ½ day course reviewing the history, use, development and design features of Airsoft style guns. AFTE Conference; Denver, CO; May 16, 2017

"Special Research Workshop: Stability of Fired Cartridge Case Locations in Shooting Scenes" Mentor - A 1-day research workshop to examine how stable a fired cartridge case is in an environment once it has landed. NWAFS Meeting; Portland, OR; September 2017

"Bullet Holes in Clothing: Evaluation and Documentation" Instructor; A ½ day course demonstrating how to locate, identify and document the passage of a fired bullet through clothing and other common articles. ACSR Conference; Tacoma, WA; March 2018

"Understanding the Math of Bullet Path Analysis" Instructor; A ½ day course focusing on trigonometric formulas to document and solve horizontal/vertical aspects of bullet path analysis. AFTE Conference; Charleston, WA; June 3, 2018

# **Shooting Scene Reconstruction Courses Conducted**

"Processing and Reconstructing Shooting Crime Scenes" A 40-hour course on crime scene processing in shooting incidents; Olympia Police Department, Olympia, WA; July 24-28, 2006

"Processing and Reconstructing Shooting Crime Scenes" A 40-hour course on crime scene processing in shooting incidents; Seattle Police Department, Seattle, WA; December 19-23, 2006

"Processing and Reconstructing Shooting Crime Scenes" A 40-hour course on crime scene processing in shooting incidents; Olympia Police Department, Olympia, WA; November 26-30, 2007

"Processing and Reconstructing Shooting Crime Scenes" A 40-hour course on crime scene processing in shooting incidents; Norman Police Department, Norman OK; December 5-9, 2008

"Processing and Reconstructing Shooting Crime Scenes" A 40-hour course on crime scene processing in shooting incidents; Tacoma Police Department, Tacoma, WA; July 2009

"Processing and Reconstructing Shooting Crime Scenes" A 40-hour course on crime scene processing in shooting incidents; Olympia Police Department, Olympia, WA; April 2010

# INSTRUCTOR CONTINUED

# **Shooting Scene Reconstruction Courses Conducted continued**

"Processing and Reconstructing Shooting Crime Scenes" A 40-hour course on crime scene processing in shooting incidents; Spokane County Sheriff's Office/Spokane Police Department, Spokane, WA: April 2011

"Shooting Scene Reconstruction" A 3-day course involving ammunition, trajectory and vehicle damage assessment in shooting scene processing; Michigan State Police, Frankenmuth, MI; October 2012

"Shooting Scene Reconstruction" A 3-day course involving ammunition, trajectory and vehicle damage assessment in shooting scene processing. Michigan State Police, Frankenmuth, MI; September 9-11, 2013

"Processing and Reconstructing Shooting Crime Scenes" A 40-hour course on crime scene processing in shooting incidents; Kent Police Department, Kent, WA; May 2015

"Shooting Incident Scene Reconstruction" A 3-day course involving ammunition, trajectory and vehicle damage assessment in shooting scene processing; King County Sheriff's Department; Kent, WA; October 2015

"Processing and Reconstructing Shooting and Officer Involved Scenes" A 5-day course involving ammunition, trajectory and vehicle damage assessment in shooting scene processing; Houston Forensic Science Center; Houston TX; June 2016

# SPECIALTY CONTRACTS

# **Washington State Patrol**

- Firearms Case Review: March 2007 April 2007
- Firearms Analysis: December 2007 December 2008

## Las Vegas Metropolitan Police Department Crime Lab

Firearms Analysis and Firearms Examiner Trainer: March 2007 – February 2011

# Washoe County Sheriff's Office Forensic Science Division

 Firearms Analysis and Firearms Examiner Trainer: December 2010 – November 2014; January 2015 – March 2015

# Independent Commission of Investigations (INDECOM) Jamaica

 Shooting Scene Reconstruction and Training, Firearms Analysis and Firearms Analysis Training: July 2012 – Present
